Inspiration.....

For as long as we can remember we have been striving to create, design and build. Our conscious effort to better ourselves and willingness to take risks has separated us from the rest.

“We look, we touch, we consider and we are inspired”

For over 25 years Bellevue has also been inspired...inspired to source and stock products from all over the world that create visual attraction and differentiation without compromising quality, design or affordability.

Today Bellevue has represented nothing but the best in architecturally inspired hardware and accessories. The relationship between design and form, form and function, aesthetics and practicality are all symbiotic.

The creation of a handle is more than the handle itself; it's the connection provided between its form and its function, its personality and its aesthetic appeal, its design and the environment. Quality & design are cultural, inspired by generations past.

The importance of the handle cannot be underestimated. It is an indispensable object; it can hinder one's advance or facilitate movement in spaces of everyday life. Without it, we would have to redefine our entire way of life.

Relevant is also the handle size. It is a small sculpture, a point of difference of visual attraction on surfaces that are all too often anonymous or redundant. The opening and closing of a door is a highly symbolic gesture which has not lost its meaning over time, taking design by the hand.

A key distinction of the Bellevue name is the significant number of interpretations of the “design” concept. The modern handle lives somewhere in the middle of the equation, geometry and the organic, the practical and the inspired.

A handle's form is unique, a challenge to design and create. It represents personality and function in its truest form. Inspired designs: their materialization and transformation into a handle is evident in the number of designs which exist in the Bellevue range.

“Inspiration is true design,embrace it”

About Bellevue

1983.....

In 1983, while renovating his own home, Aron Midler (founder of Bellevue Imports) experienced something I am sure was not uncommon at the time - the inability to find high quality and uniquely designed architectural furniture.

Frustrated with what he did find, Aron spoke to a number of leading Architects and Interior Designers who all agreed that the Australian market could benefit significantly if products available overseas were available locally.

Recognising the gap in the Australian market place for these types of uniquely designed products, he took the opportunity to work with the leading manufacturer of Kitchen and Cabinet Handles available: Confalonieri and Cosma of Italy, Didheya of Spain, Omp Porro of Italy, Leitner of Austria as well as many others from all over the world to form Bellevue Imports.

Today.....

For over 25 years, Bellevue Imports has been providing Australia and New Zealand with the best and most extensive range of architectural hardware and accessories available, all of which are recognised as world class in quality, design and craftsmanship.

Since Bellevue's inception, Aron's commitment in bringing to Australia the newest and most comprehensive range of architectural products has not wavered.

To date Bellevue has supplied countless projects, from kitchen renovations, cabinet makers, new homes and residential renovations to apartments, large commercial projects and resorts.

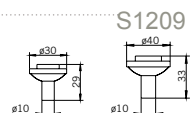

Bellevue's products are available Australia and New Zealand wide from various of resellers or on a direct basis (based on location). For your nearest reseller location, please visit our web site at www.BellevueImports.com.au

Bellevue is proud to be a leader in the architectural cabinet furniture market and will continue its tradition to provide products that are unique, visually distinctive, affordable and just as importantly, stocked locally, in quantity.

Traditional Range - New for 2011 from Siro of Austria

Specification no.
S1209 - AS (Antique Silver)
Size: Large to Small: S1209A or B

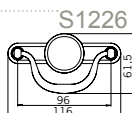

Specification no.
S1208 - AS (Antique Silver)

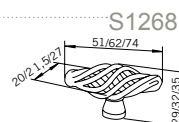

Specification no.
S1207 - AS (Antique Silver)
Size: Large to Small: S1207A or B

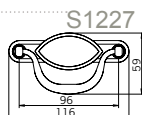

Specification no.
S1223 - AS (Antique Silver)

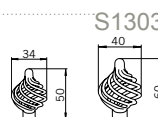

Specification no.
S1226 - AS (Antique Silver)

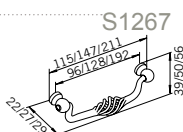

Specification no.
S1268 - ABT (Antique Brass Tumbled),
AI (Antique Iron), MB (Matt Black)
Size: Large to Small: S1268A, B or C

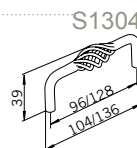

Specification no.
S1227 - AS (Antique Silver)

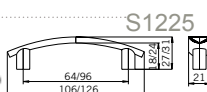

Specification no.
S1303 - ABT (Antique Brass Tumbled),
AI (Antique Iron), MB (Matt Black)
Size: Large to Small: S1303A or B

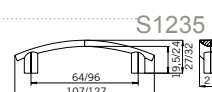

Specification no.
S1267 - ABT (Antique Brass Tumbled),
AI (Antique Iron)
Size: Large to Small: S1267A, B or C

Specification no.
S1304 - ABT (Antique Brass Tumbled),
AI (Antique Iron), MB (Matt Black)
Size: Large to Small: S1304A or B

Specification no.
S1225 - AS (Antique Silver)
Size: Large to Small: S1225A or B

Specification no.
S1235 - AS (Antique Silver)
Size: Large to Small: S1235A or B

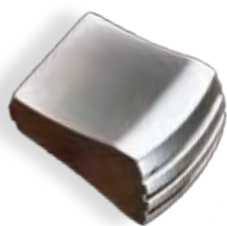

Project Range - Ideally Priced for Small or Large Projects

For over 25 years Bellevue's project range has been considered to be one of the best in the market for one very simple reason: competitive project pricing does not mean a sacrifice of product design or quality. Our philosophy has always been about providing fantastic and unique designs at an affordable price no matter the size of the project or quantity of handles required.

Project priced hardware is often associated with furniture that is not only low in price but poor quality and bland in design: this is not the case with Bellevue's project range. Just take a look at the choice of designs available within this book. We know how the project market works, we have been in it for over 25 years. Our project range has been used in a variety of projects Australia wide from the largest of projects such as casino hotels down to apartment blocks and commercial office fitouts.

Contact us today on Ph:03 9571 5666 or email us at info@bellevueimports.com.au for more information on any of our products including our project range. Design and quality at project price, that's Bellevue.....

Retractable Coat Hooks

By *Confalonieri of Italy*

Something different, something unique, something Italian.

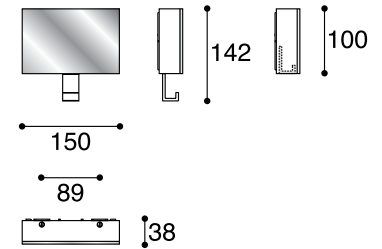

Innovation, quality and design is at the very heart of Gruppo Confalonieri s.p.a.

These coat hooks represent the essence of Italian design, they are a statement of creativity that adds that finishing touch to a project, an item not thought about but truly required and practical.
