Nicola Novelletto

Rome, 1961

After graduating from Rome's Superior Institute of Artistic Industries, Novelletto started working as a designer in Andries Van Onck's studio in Milan.

He then collaborated with several designers and manufacturers, concentrating on models. He is involved in teaching at the Istituto Europeo di Design and Milan Polytechnic's Design School for several years. He holds courses on representation, modeling and prototype techniques.

As an independent designer, he has designed a wide range of objects: home accessories, faucets, handles, sports equipment and motor boats.
