

Nickel silver lends a soft impression through the mass of the casting itself.

A matte satin finish on Nickel silver changes casting that is rich in nickel into a soft expression. By boldly challenging material that is tough to cast we achieved a feeling of volume that is not possible to reproduce via plating. Also available is a mirror finish that directly expresses the wonder of moulding this casting original.

MEDIUM ENTRY PULLS *by Elmes of Japan*

T1051

base material
Cast Nickel, Cast Brass

available finish
Satin Nickel Silver (S)
Polished Brass (PB)

Australian handing
Australian Left Hand (L)
Australian Right Hand (R)

available sizes (mm)
Length 695, Centres 650

fixing hole sizes
Door 10mm, Glass 16mm

specification code
T1051 - 695 - finish - L
T1051 - 695 - finish - R

T1033

base material
Cast Brass

available finish
Polished Brass (PB)

Australian handing
Australian Left Hand (L)
Australian Right Hand (R)

available sizes (mm)
Length 638, Centres 600

fixing hole sizes
Door 10mm, Glass 16mm
